### *Covid Policy Update*

LLCA holds to the position that the decision to vaccinate for Covid-19 is between an individual and their doctors. Now that the vaccine has FDA approval, more people have been vaccinated. Any LLCA student or staff member who has been fully vaccinated will not be required to quarantine if someone in their household is positive for Covid-19, so long as they provide a negative Covid test from a medical facility, rather than an at-home test kit, no sooner than 3 days following the onset of the family member's symptoms, and the student or staff member themselves are experiencing NO symptoms. Those students who are required to quarantine because of a positive case within the household will be able to connect to class through Google Classroom.
